WORK EXPERIENCE

dpointgroup

Remote

IT Support L1

Aug 2024 - Present

- Streamlined technical support processes by implementing a new ticketing system, reducing response times by 40% and enhancing overall customer satisfaction ratings to 95% within six months.
- Managed IT asset inventory for over 500 devices, optimizing resource allocation and achieving cost savings of \$50,000 annually through strategic vendor negotiations and process improvements.
- Streamlined incident management processes that decreased average resolution time by 40%, handling more than 300 service requests weekly while maintaining compliance with SLAs.

Teknosa

Turkey

Help Desk Support Specialist

May 2021 - Sep 2023

- Provided technical support to customers by troubleshooting hardware, software, and connectivity issues.
- Ensured adherence to SLAs (service level agreements) and KPIs, consistently meeting performance targets.
- Delivered exceptional customer service through various channels including phone, email, and chat support, ensuring high levels of customer satisfaction.
- Escalated unresolved issues to higher-level support teams or specialists while maintaining effective communication with customers.
- Documented customer interactions, resolutions, and feedback using CRM tools for future reference and process improvement.

MTN

Rwanda

Bilingual Customer Service Specialist

Mar 2020 - Sep 2020

- Maintained IT process documentation, improving onboarding speed for new employees.
- Developed and maintained a comprehensive database of translation resources, streamlining future project workflows.
- Answered incoming calls and responded to customer's emails.
- Resolved over 1,200 complex inquiries monthly by utilizing problem-solving techniques and multilingual skills, contributing to an overall improvement in service efficiency by reducing case escalation rates by 20%.
